This new edition is split into four distinct sections:

- A description of anger and domestic violence focused upon helping clients use the principles of neuroplasticity to dramatically alter their behavior

Readers are also shown how anger develops and can lead to verbal and physical outbursts, the five types of rage reactions, and how to treat anger turned inward. Potter-Efron also details four different approaches to treating anger: behavioral, cognitive, affective, and existential/spiritual. Mental health professionals are provided numerous questionnaires and worksheets to utilize with their clients. *Handbook of Anger Management and Domestic Violence Offender Treatment* is an essential guidebook that illustrates effective theory and practice.
