The Rules to Break Richard Templar

A personal code for living *your* life *your* way.

From a very young age you've been inundated with other people's well-intended rules. Whether from teachers, friends or parents, these helpful principles and bits of gracious advice are *supposed* to help you get on in life. The trouble is, many of these rules aren't true (at least not all the time) and yet they have a major influence on your life whether you realise it or not.

How do you sort the gold dust from the sawdust?

In *The Rules to Break*, international bestselling author Richard Templar exposes the most common phoney rules, explains what's wrong with them and then offers a refreshing alternative and a new way of thinking. Above all, he'll help you master the ability to truly think for yourself, so that you can follow a path that you've chosen, rather than blindly following someone else's.

It's your life. Why not live it your way?
