Venusberg: A Novel

Anthony Powell

Venusberg: A Novel Anthony Powell

Written from a vantage point both high and deliberately narrow, the early novels of the late British master Anthony Powell nevertheless deal in the universal themes that would become a substantial part of his oeuvre: pride, greed, and the strange drivers of human behavior. More explorations of relationships and vanity than plot-driven narratives, Powell's early works reveal the stirrings of the unequalled style, ear for dialogue, and eye for irony that would reach their caustic peak in his epic, *A Dance to the Music of Time*.

Powell's sophomore novel, *Venusberg*, follows journalist Lushington as he leaves behind his unrequited love in England and travels by boat to an unnamed Baltic state. Awash in a marvelously odd assortment of counts and ladies navigating a multicultural, elegant, and politically precarious social scene, Lushington becomes infatuated with his very own, very foreign Venus. An action-packed literary precursor to Wes Anderson's *The Grand Budapest Hotel*, *Venusberg* is replete with assassins and Nazis, loose countesses and misunderstandings, fatal accidents and social comedy. But beyond its humor, this early installment in Powell's literary canon will offer readers a welcome window onto the mind of a great artist learning his craft.
