Zamba Ralph Helfer

When Ralph Helfer, now one of Hollywood's top animal behaviorists, first began working, he was shocked by the cruelty that was accepted practice in the field. He firmly believed in "affection training" -- that love, not fear, should be the basis of any animal's development, even when dealing with the most dangerous of creatures. Then Zamba came into his life -- an adorable four-month-old lion cub that went on to prove Helfer's theories resoundingly correct.

Over the next eighteen years, Zamba would thrive and grow, and go on to star in numerous motion pictures and television shows -- all the while developing a deep and powerful bond of love and affection with the man who raised him. By turns astonishing, hilarious, and poignant, *Zamba* is not only the unforgettable story of the relationship that Helfer would come to consider one of the most important in his life but also that of the amazing career and adventures of the greatest lion in the world.
