Emily Hamilton and Other Writings (Legacies of Nineteenth-Century American Women Writers)

Sukey Vickery

Sukey Vickery's *Emily Hamilton* is an epistolary novel dealing with the courtship and marriages of three women. Originally published in 1803, it is one of the earliest examples of realist fiction in America and a departure from other novels at the turn of the nineteenth century. From the outset its author intended it as a realist project, never delving into the overly sentimental plotting or characterization present in much of the writing of Vickery's contemporaries. *Emily Hamilton* explores from a decidedly feminine perspective the idea of a woman's right to choose her own spouse and the importance of female friendship. Vickery's characterization of women further diverges from the typical eighteenth- and early nineteenth-century didactic of the righteous/sinful woman and depicts, instead, believable female characters exhibiting true-to-life behavior.

A presentation of this novel accompanied by Vickery's poetry, letters, a diary fragment, and a few nineteenth-century responses to her work, *Emily Hamilton and Other Writings* is the first complete collection of Vickery's writings.
