Buchi nell'acqua e altri esperimenti (Italian Edition) Claudia Cangemi

Ragazzi allo sbaraglio, come lo siamo stati tutti. O forse un po' di più, con le famiglie scassate e i genitori tanto benintenzionati quanto disorientati. Sono i protagonisti dei sei racconti di cui si compone la silloge: adolescenti, dai dodici ai diciassette anni, colti in un momento particolare delle loro giovani vite. La difficoltà di farsi accettare nonostante un corpo goffo e sgraziato. L'ansia di piacere a un ragazzo e di potersi sentire come le coetanee che sbandierano le loro conquiste. L'amore impossibile che sembra improvvisamente potersi realizzare. Oppure l'ossessione segreta e "pericolosa" di un ragazzo timido e isolato per il compagno più affascinante della classe. L'incontro di un sedicenne in piena crisi per la separazione dei suoi con una coetanea "speciale" che sembra in grado di indicargli una via. E infine l'amicizia più importante, che apre la porta, fino allora sbattuta in faccia, della popolarità, ma allo stesso tempo lascia la giovane protagonista in preda ai dubbi e all'angoscia del tradimento. Sono storie vissute o solo immaginate, ma sempre realistiche e coinvolgenti, raccontate con la voce e lo sguardo degli adolescenti alle prese con le loro "prove di volo" senza bussola né paracadute.

Da leggere d'un fiato, facendo il tifo per loro.

Claudia Cangemi si conferma attenta osservatrice dell'animo umano e dà vita a una silloge deliziosa e nostalgica.

From reader reviews:

Willie Collier:

Information is provisions for those to get better life, information today can get by anyone on everywhere. The information can be a understanding or any news even a huge concern. What people must be consider when those information which is from the former life are challenging to be find than now is taking seriously which one is suitable to believe or which one the actual resource are convinced. If you get the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All those possibilities will not happen within you if you take Buchi nell'acqua e altri esperimenti (Italian Edition) as the daily resource information.

Ladonna Warren:

Reading a publication can be one of a lot of exercise that everyone in the world loves. Do you like reading book therefore. There are a lot of reasons why people like it. First reading a guide will give you a lot of new information. When you read a publication you will get new information since book is one of several ways to share the information or even their idea. Second, examining a book will make a person more imaginative. When you reading a book especially tale fantasy book the author will bring someone to imagine the story how the figures do it anything. Third, you can share your knowledge to other people. When you read this Buchi nell'acqua e altri esperimenti (Italian Edition), you are able to tells your family, friends along with soon about yours e-book. Your knowledge can inspire others, make them reading a publication.

Jason Harden:

Reading a book tends to be new life style on this era globalization. With looking at you can get a lot of information which will give you benefit in your life. Along with book everyone in this world may share their idea. Publications can also inspire a lot of people. A great deal of author can inspire their very own reader with their story as well as their experience. Not only the story that share in the ebooks. But also they write about advantage about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors these days always try to improve their talent in writing, they also doing some exploration before they write for their book. One of them is this Buchi nell'acqua e altri esperimenti (Italian Edition).

Judy Williams:

Are you kind of occupied person, only have 10 as well as 15 minute in your day time to upgrading your mind talent or thinking skill perhaps analytical thinking? Then you are receiving problem with the book compared to can satisfy your short time to read it because this time you only find publication that need more time to be read. Buchi nell'acqua e altri esperimenti (Italian Edition) can be your answer since it can be read by anyone who have those short free time problems.
