M A Mian

Project Economics and Decision Analysis, Volume 2: Probabilistic Models M A Mian

This comprehensive two-volume set provides all the necessary concepts of capital investment evaluation, capital budgeting, and decision analysis. Mian takes the reader step-by-step through the decision making process, providing comprehensive coverage of all decision analysis tools currently available while outlining how investment decisions are made under different stages of risk. Further, he focuses on practical application, using a straightforward approach with solved 'real-life' examples and solutions, end-of-chapter problems, and illustrations throughout the book.
