A trailblazing approach to choosing executives who both match the needs and fit the cultures of the organizations they will lead

Leadership failures damage or even destroy companies every day. To reduce the costs of leadership failure, the author has developed a revolutionary process for selecting executives based on his years of consulting for some of America's largest corporations. *The Right Leader* details this new approach and how it eliminates the leadership failures that plague so many companies around the world today. When executives don't address the right needs, or can't lead the organization because of a poor fit with the corporation's cultures, the company loses competitive advantage, talented people, and momentum. *The Right Leader* introduces the revolutionary Match-Fit Model and explains how it reduces the risks and costs of executive failure by changing the factors that are considered and by taking into account the cultural dynamics at play in any organization.
