## **An Argument Open to All: Reading "The Federalist" in the 21st Century** Sanford Levinson

In *An Argument Open to All*, renowned legal scholar Sanford Levinson takes a novel approach to what is perhaps America's most famous political tract. Rather than concern himself with the authors as historical figures, or how *The Federalist* helps us understand the original intent of the framers of the Constitution, Levinson examines each essay for the *political* wisdom it can offer us today. In eighty-five short essays, each keyed to a different essay in *The Federalist*, he considers such questions as whether present generations can rethink their constitutional arrangements; how much effort we should exert to preserve America's traditional culture; and whether *The Federalist's* arguments even suggest the desirability of world government.
