## **Venomous Animals of The World : Third Grade Science Series: Poisonous Animals Book for Kids (Animal Encyclopedia For Children) Baby Professor**

Stay clear from these animals! Your child will find this educational book extremely interesting. Within the pages are features of animals that contain venom, a powerful toxin that may cause death. Treat this as a more effective warning because children can actually see the animals in full-color, and learn about the danger they bring too. This is the perfect complement to the all-text books at school.
