Kingdom of the Seven (The Blaine McCracken Novels Book 7) Jon Land

Dr. Karen Raymond has made the medical breakthrough of the century, a vaccine that could halt the spread of our most devastating modern plague, AIDS. But when her laboratory is destroyed and her colleagues murdered, she realized she's in danger: a conspiracy of proportions she never dreamed possible is out to crush her work.

In another part of the country the population of an entire town has disappeared into thin air, leaving behind only half-finished meals, empty offices and schools.

Who is responsible? A cabal of power-seeking corporations? Rogue victims of Army medical experiments gone horribly wrong? Who is behind the traitorous plot that threatens to sacrifice our country to the *Kingdom of the Seven*?
