Finding Camlann: A Novel Sean Pidgeon

A compelling argument about the origins of King Arthur wrapped in a brilliant novel.

Set against a rich historical landscape evoked by the secret places and half-forgotten legends of the British countryside, *Finding Camlann* is both a "fascinating mystery that will engage readers attracted by history, myth and language" (*Washington Independent Review of Books*) and a "beautifully written, intelligent, and ingenious" (Gillian Bradshaw) novel of how stories shape our notions of the past—and of ourselves.

Archaeologist Donald Gladstone is sure that there never was a "real" King Arthur—that is, until a surprising find at Stonehenge seems to offer hard evidence of Arthur's existence. Teaming up with Julia Llewellyn, a gifted linguist working at the *Oxford English Dictionary*, Donald sets off on a literary and mythological quest that will change both of their lives. Gloriously many-layered, *Finding Camlann* is a deeply satisfying love story, a gripping detective story, and a narrative journey of myriad pleasures.
