Celebrate the cute, tiny, magical and whimsical world of fairy gardens using this resourceful and inspiring book as the guide. Donni Webber—crafter, fairy gardening guru and creator of FairyGardens.com—takes readers on a journey to build unique gardens, houses and accessories for fairies. The garden designs are low-cost and low-care, highlighting common, long-lasting plants. The accessories and furniture projects are easy to make, come together quickly and use natural materials or commonly found craft supplies.

The playful and imaginative trend of miniature & fairy gardening caught fire in the craft world several years ago, and it has only grown in popularity. It's the quick-and-easy—and super cute—way to become a gardener! These gardens are a big hit with kids, who love to imagine the magical creatures that enjoy the garden when the kids are asleep or away from home. Plus, the gardens make adorable home decorations (and gifts!) for adults that can fit on an end table, desk or bookshelf. Our book is a new offering on the market with easy beginner gardens and accessories, as well as more unique themes like using a gourd to create a Gaudy Gnome Home complete with mossy windows, wood round steps, a burlap broom, a flowerpot chimney and more. The theme of magic and enchantment will run throughout the book in Donni's engaging tone of writing and photography.
