Bygone Backwoods Earl Brechlin

The fourth volume in Earl Brechlin's successful Bygone... series of old-postcard books focuses on how our grandparents and great-grandparents had fun in the outdoors: hiking, canoeing, visiting parks and natural wonders, communing with nature at remote mountain resorts, and roughing it at fishing and hunting camps. In addition, some of these old postcards show the serious business of the backcountry: logging camps, early dams, the rail lines that pierced the wilderness. Short, informative descriptions accompany the 100 antique postcard views, which cover all of New England, from northern Maine to Rhode Island.
