The Secret Code is intended to revolutionize the way married couples view their marriages, and take care of their spouses, especially in the areas of love, lusts/desires, intimacy/sex/romance, and financial matters.

The Secret Code was written to eliminate the temptation to commit the sin of adultery among married couples as well as helping to prevent the descent towards divorce.

However, The Secret Code is not only about sex, romance and intimacy between a husband and his wife. It also focuses on developing healthy attitudes, maintaining peace, finding ways to agree, providing support for each other's goals, as well as exercising compassion, understanding, loyalty, trust, forgiveness, and non-aggressive communication in their marriage.

This practical straight talk material is not designed for casual entertainment, but to encourage husbands and wives to enjoy pleasure in the covenant of their marriage in an atmosphere of peace, while preserving the intrinsic value of their relationship, and the beauty of the family that they have established.

This book is especially meant to reinforce the Holy covenant of marriage between a man and a woman, and to provide them with a full understanding of the chemistry of love that brought them together.
