Bardford Holligsworth

Snakes of Southern California: This fact-filled identification guide is an excellent resource for all outdoor and nature enthusiasts. It describes 26 species of snakes commonly found along the coast, mountains, and deserts of Southern California, including 6 venomous snakes. The guide also features color photos that make it ideal for field use. Common and scientific names, average adult size, habitat, diet, and behavior are described. Tips on field identification and safety instructions are also presented. The 12 panels of this laminated and waterproof guide fold up into a handy pocket-size, making it sturdy enough to withstand repeated use in the field.
