### The Power of Premonitions Larry Dossey

The doctor - and bestselling author - who first demonstrated the healing effects of prayer now offers an unprecedented look at the science of premonitions. The Power of Premonitions takes readers through documented cases of premonitions, including a remarkable instance when an entire Nebraska community skipped church the very day it exploded; an examination of recent scientific study of 'presentiment'; a discussion of what it all means to daily life; and practical field-tested techniques for inviting premonitions. In this compelling new book Dossey uses cutting-edge science to prove the value of what has long been considered spiritual mumbo-jumbo. This is a book for the sceptical mind, but it's also for the believer's heart - because its author possesses the rare gift of having both.
