Trauma and Beyond: The Mystery of Transformation Ursula Wirtz

In *Trauma and Beyond*, Ursula Wirtz courageously and brilliantly undertakes the most truculent question: "wither the soul after soul-murder"? She summarizes the literature in the field, the range of methodologies, and provides numerous illustrations and case studies which demonstrate a realistic, hopeful, sequential approach to trauma integrating fragmented splinters. She illustrates the narrow passage between the necessity of ego-death, abiding a most difficult in-between, and attending the birth of an enlarged, more capacious ego state. *Trauma and Beyond* is not only a contribution to the field, but has the makings of a classic study of the resilience of the soul in the face of even the most devastating traumata.
