**Diabetes: It affects the whole family (Colección Salud)** Maria Araceli Alvarez

Did you know that there are 285 million diabetic people in the world? This disease must be taken responsibly; the lack of interest and carelessness can affect your life and the life of your family. Diabetes has an important genetic predisposition; however, there are external factors that may trigger it such as overweight. Sick people can prevent complications depending on its education, that's way it is said that education is not part of the medication, but the medication by itself.
