The Virus Project Josepha W Quint

There are things in life that are intrinsic. One of them is to fight for justice and truth. But what if the truth was actually the fruit of terrible secrets and dreadful lies? Jean-Baptiste Duprés was a French Investigative Journalist working in Mexico when the outbreak of the Swine Flu virus began in the country. On 25th April 2009, he decided to give up his work on a high-level drug mexican cartel to start an investigation on the new deadly virus. Duprés' investigation quickly led him into an unbelievable conspiracy and despite the risks, he eventually discovered what really lies beneath the official truth about H1N1... How far were the pharmaceutical companies, the Spanish Crown, or the Vatican actually involved? This is his story... What we read here is a powerful thriller about a journalist who investigates the truth behind the H1N1 virus outbreak in Mexico in 2009. Even though it is a work of fiction, the book was inspired by a real story and is based on historical facts. This certainly is an exciting story mixing mystery, conspiracy and history.
