Have you ever been confused by the Trinity? Many great theologians have made this doctrine the centerpiece of our Christian faith. But most of us, truth be told, accept the Trinity as mystery because we have a hard time understanding it. The Trinity is an observation from a philosophical and scientific point of view that keeps one immune to heresy but few can explain it with confidence! Maybe we have overcomplicated things! I believe God has a heart of simplicity. When Jesus walked the earth, He used everyday ideas that simple people like you and I could grasp. I have entitled this book “Heaven’s Dynasty”, and I believe this message will warm your heart and satisfy your soul. It is a journey that explains how the Trinity has upheld the most vital truth of Christianity for the last millennium and a half, but has inadvertently missed an important emphasis: the generational relationship between a Father and Son. This book is the story of how the Father is restoring the kingdom of God to earth through His Son Jesus!
