## Guide to Great Lakes Fishes Gerald Ray Smith

The Great Lakes are home to an impressive variety of fish. The *Guide to Great Lakes Fishes* describes sixty-two of the region's most commonly found species, from giants like the sturgeon all the way down to the minnows and shiners, some of the Lakes' smallest residents.

Beautiful color illustrations accompany color photographs and line drawings to highlight distinguishing characteristics of each fish alongside quick facts about distribution, diet, behavior, and conservation status. Informative essays on the natural history, adaptations, and characteristics of Great Lakes fishes are also included, as well as detailed diagrams of the aquatic habitats and food chains within the Lakes. This is a must-have guide for every angler, fishery or wildlife professional, and conservationist. The paperback edition is printed on waterproof paper.

Gerald R. Smith is Professor Emeritus of Ecology and Evolutionary Biology at the University of Michigan and Curator Emeritus of Fishes for the University of Michigan Museum of Zoology. He is editor of *Fishes of the Great Lakes Region, Revised Edition*.

The University of Michigan Press worked in collaboration with Michigan Sea Grant on the development of this guidebook, the second in a series of books about the Great Lakes coast.

### From reader reviews:

#### **Richard Vazquez:**

Reading a publication tends to be new life style within this era globalization. With examining you can get a lot of information that can give you benefit in your life. Having book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Plenty of author can inspire their reader with their story or maybe their experience. Not only the storyplot that share in the publications. But also they write about the ability about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on this planet always try to improve their skill in writing, they also doing some analysis before they write to the book. One of them is this Guide to Great Lakes Fishes.

#### **Frank Anderson:**

People live in this new day time of lifestyle always try and and must have the free time or they will get wide range of stress from both lifestyle and work. So , when we ask do people have extra time, we will say absolutely sure. People is human not just a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to you of course your answer will probably unlimited right. Then do you ever try this one, reading guides. It can be your alternative in spending your spare time, the particular book you have read is usually Guide to Great Lakes Fishes.

#### **Philip Brown:**

This Guide to Great Lakes Fishes is great e-book for you because the content which can be full of information for you who all always deal with world and also have to make decision every minute. This specific book reveal it details accurately using great organize word or we can point out no rambling sentences within it. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but difficult core information with attractive delivering sentences. Having Guide to Great Lakes Fishes in your hand like getting the world in your arm, info in it is not ridiculous 1. We can say that no publication that offer you world within ten or fifteen tiny right but this book already do that. So , it is good reading book. Hey there Mr. and Mrs. hectic do you still doubt this?

#### **John Stevenson:**

This Guide to Great Lakes Fishes is new way for you who has fascination to look for some information since it relief your hunger details. Getting deeper you on it getting knowledge more you know or perhaps you who still having tiny amount of digest in reading this Guide to Great Lakes Fishes can be the light food in your case because the information inside that book is easy to get simply by anyone. These books develop itself in the form which can be reachable by anyone, yep I mean in the e-book web form. People who think that in reserve form make them feel sleepy even dizzy this reserve is the answer. So there is absolutely no in reading a guide especially this one. You can find actually looking for. It should be here for you. So , don't miss this! Just read this e-book variety for your better life and knowledge.
